IT LEVY:

In the lower years (Prep – Year 3) this levy covers the purchase of additional IT resources (software and hardware), maintenance of existing equipment and associated costs in this area. In Year 4, 5 & 6 the funding is used for iPads, and software as part of our 1:1 iPad program, beginning in Year 4.

CAPITAL LEVY:

Charged per family, this levy enables us to pay our school building loans as well as provide additional facilities for the students. It is also used to provide the necessary maintenance, cleaning and improvements needed for the building and grounds of our school.

VOLUNTARY BUILDING LEVY:

Charged per family, we ask that each family makes a building fund contribution of \$200 per year. This donation is fully tax deductible and will form a very important part of our funding to assist the construction of new facilities and buildings to meet the needs of our community now and into the future.
